Hexvan

FACT SHEET

Leave the paperwork in the van.

Hexvan is the job app for plumbers, electricians, roofers and every trade who would rather be on the tools than at a desk. Every morning it lays out the day's jobs on a map. It keeps every customer one tap away, gets quotes signed with a finger on the doorstep and turns them into invoices in one tap. It writes the business a one-page website and lists it in a free trades directory. Hexvan runs on any phone, with nothing to install, for one flat price: £15 a month for the whole team, everything in.

Product	Hexvan, the simple job app for tradespeople
Tagline	Leave the paperwork in the van.
What it does	The day's jobs on a map, customers, quotes signed on the doorstep, invoices, receipts and a free one-page website with a listing in a trades directory

WRITING ABOUT HEXVAN

The name. Hexvan, one word, a capital H only. Not HexVan, Hex Van or HEXVAN.

It, not he. Hexvan is a product, not a character: "it", never "he". It is the workmate who does the paperwork.

The price. "£15 a month, excl. VAT. The whole team." Never "from £15", never "per user".

Trade words. Job, customer, quote, invoice, the van, your day. Not CRM, workflow, dashboard or AI-powered.

COLOURS AND TYPE

Safety orange	Bright orange	Deep orange
#EA580C	#F97316	#C2410C
Orange tint	**Ink**	**Pencil**
#FFEDD5	#1C1917	#57534E

Inter for everything, extra-bold for headlines. **JetBrains Mono** for numbers.
